

LIQUID K

ANALYSIS
POTASSIUM (K) W/V
33%

Derived from:
Potassium Phosphate Carbonate

PRODUCT CONTAINS 55%W/W WATER
TOTAL SOLIDS 45% W/W

GENERAL INFORMATION

- Liquid K is designed to be used as a foliar fertilizer to provide potassium at critical periods of need.
- Potassium is needed to load sugars from the leaf tissue into the phloem tissue so that sugars can exit the leaves and travel to the fruit.
- High levels of potassium should be in the leaves before sugars unload to sizing (bulking) fruit.

WARNING:

Avoid use of Liquid K in multiple product tank mixes, especially with crops sensitive to fruit marking.

CAUTION: Because of its higher PH, care should be used when tank mixing with other fertilizers and chemicals.

Always Conduct a "Jar Test" using all products in proper proportion in order to establish physical compatibility.

SHAKE WELL BEFORE MIXING

MADE IN AUSTRALIA

CAUTION			
Do not contaminate streams, rivers or waterways with the chemical or used containers. Harmful if swallowed. Avoid contact with skin, eyes & clothing. Wash thoroughly with soap and water after handling. Avoid breathing spray mist.			
DIRECTIONS FOR USE			
It is more effective to spray small amounts with greater frequency. Spray enough water to achieve thorough coverage of the entire plant.			
CROP	RATE	FREQUENCY	COMMENTS
Broadacre, Cotton & Summer Crops, Wheat & Winter Crops	4-6 litres per hectare	7-10 days	Apply as required to correct deficiencies.
Peanuts, Cucurbits, Tomatoes, Beans and Capsicums	4-6 litres per hectare	7-10 days	Apply during fruit filling & ripening.
Vegetables	4 litres per hectare	7 days	Apply during fruit filling & ripening.
Trees, Fruits and Nuts	4-6 litres per hectare	10 days	Apply during fruit filling & ripening.
Wine Grapes and Table Grapes	4-6 litres per hectare	7-10 days	Use prior to veraison through to 2 weeks before harvest.

CONDITIONS OF SALE
 1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorised to make any warranty, guarantee or direction concerning this product.
 2. Because the time, place, rate of application and other conditions of use are beyond Seller's control, Seller's liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.
