

HARVEST PLUS

ANALYSIS	%w/v
Total Nitrogen(N)	2.00 %
Phosphorus (P)	10.00 %
Potassium(K)	20.00 %

Derived from: Urea, nitrogen and potassium phosphate/carbonate

PRODUCT CONTAINS	49% w/w WATER
TOTAL SOLIDS	52% w/w

GENERAL INFORMATION

HARVEST PLUS 2-10-20 is formulated as a soluble concentrate that requires a minimum 1 to 50 dilution with water for all applications. It is a fluid nutrient compound designed to prevent nutrient deficiencies in plants.

It is a valuable supplement to soil applied nutrients and is particularly beneficial under conditions where soil nutrients are not readily available.

HARVEST PLUS 2-10-20 will assure adequate nutrients at periods of fruit or flower development.

It will disperse in water with little agitation. Many pesticides can be added and applied while spraying HARVEST PLUS.

HARVEST PLUS 2-10-20

- will build NPK levels in tissue
- will aid crop yield and quality
- is non-toxic when used according to directions
- may be applied by air or ground
- is compatible with most pesticides and spray additives
- may be used up to final harvest

CAUTION: Always Conduct a "Jar Test" using all products in proper proportion in order to establish physical compatibility.
